| Nurses and Nursing - 705, 723 | |
| Paraplegia - 715, 716 | |
| Prevention - 705, 714d | |

Any item listed here may be borrowed from the Library of the National Society for Crippled Children and Adults, Inc. Additional literature on any of the subjects will be sent to interested persons upon request.

A list of periodicals and addresses not previously listed in earlier issues of the Bulletin appears on page 7.

Issued monthly to affiliated state and local societies for crippled children, state agencies engaged in the treatment, education, or vocational rehabilitation of cripples and public or private institutions and agencies having Institutional membership in the National Society for Crippled Children. Available to others at 50¢ a year.

662. Ambulatory case. Time. Sept. 16, 1946. 48:12:53-4.

Reports demonstration of paraplegic training before American Congress of Physical Medicine, New York City.

663. American Medical Association. Special Exhibit Comm. on Physical Medicine. Exhibit on physical medicine; physical therapy, occupational therapy, and rehabilitation. Archives of Physical Medicine. Aug. 1946. 27:8:491-8.

An excellent, simplified explanation of the subjects as utilized in the exhibit at the AMA convention, San Francisco.

664. Aplastic anemia and tridione. J. of the A.M.A. Sept. 7, 1946. 132:1:26-7.

Editorial announcing the early acceptance of tridione by the AMA Council on Pharmacy and Chemistry. Summarizes various toxic manifestations observed, including fatal aplastic anemia from which two deaths are reported (cf. two articles in the same issue).

665. Association for Arts in Childhood. Arts in childhood. 1946. 25¢ ea.

A series of 5 bulletins containing articles for teachers of arts and crafts.

666. Birren, F. Color and psychotherapy. Modern Hospital. Sept. 1946. 67:3:54-5.

667. Bluett, C.G.; Hill, A.M. An employment survey conducted by American Hearing Society. Washington, D.C., The Society, 1946. 20p. 50¢

Reprinted from Hearing News, Mar., Apr., May 1946.

668. Boston, Greater Boston Community Council. Research Bureau. Study of facilities for the handicapped in Boston and the metropolitan area. First report. Boston, The Council, July 1946. 82p. Mimeo.

In two parts: Part 1 contains data used and concludes with an analysis of the findings; Part 2 brings together, perhaps for the first time, a listing of the facilities for the handicapped in Boston.

669. Brighthouse, G. The physically handicapped worker in industry; a case study covering 1815 physically handicapped employees of the Lockheed Aircraft Corp. Bul. No. 13. Pasadena, Calif., Industrial Relations Sect., Calif. Inst. of Technology, 1946. 54p. \$2.00

"It has been the aim of this study to determine as objectively as possible the characteristics of Lockheed's physically handicapped population, their job performance, absences, accidents, and morale in comparison with a group of physically normal employees selected at random."

670. British Medical Assn. Board of Registration of Medical Auxiliaries. National Register of medical auxiliary services; speech therapists, 1945-46. 4th ed. May 1946. 22p. Free.

Qualified speech therapists in the British Isles and certain of the Dominions are listed in geographical order, alphabetically, and by hospital and local authorities employing them.

671. Bulova School of Watchmaking for disabled veterans. Newsletter, Nat. Council on Rehabilitation. Aug. 1946. 3:8:2-4.
672. Burress, J.R. Rehabilitation of the disabled Negro. J. of Rehabilitation. Aug. 1946. 12:3:13-14.
- An analysis of the position of the disabled Negro and the specialized treatment he should receive.
673. Care and treatment of the handicapped child. Mother and Child. Aug. 1946. 17:5:95-9.
- Consists of three papers presented at the National Conference on Maternity and Child Welfare, London, June 27-28, 1946. Reflects the progress being accomplished under the Education Act of 1944.
674. Carter, E.C. Rehabilitation in Russia. Hygeia. Sept. 1946. 24:9:678,706.
- Describes the program of the American Society for Russian Relief, Inc., to organize facilities in Soviet Russia to aid amputees.
675. Caziarc, D.R. Help for the hard-of-hearing child; crippled children's act provides hearing conservation program. California's Health. Aug. 31, 1946. 4:4:27-9.
676. Coss, J.A.; Boots, R.H. Juvenile rheumatoid arthritis; a study of 56 cases with a note on skeletal changes. J. of Pediatrics. Aug. 1946. 29:2:143-56.
677. Cullen, V.S. On his way up! J. of Rehabilitation. Aug. 1946. 12:3:26-7.
- A short account of Tony Boris, the "Johnny" of a certain national radio program advertizing cigarettes.
678. Daplyn, P.F.L. Vinesthene anaesthesia for repair of hare lip and cleft palate. Brit. Med. J. Jy 27, 1946. 4464:117-9.
679. De Kruif recommends prostigmin. Minnesota Medicine. My 1946. 29:5:452.
- An editorial denouncing De Kruif and the Reader's Digest for the article "Many Will Rise and Walk" in the Feb. 1946 issue as being over-optimistic and misleading.
680. Disabled Persons Act, 1944. Brit. Med. J. Aug. 24, 1946. 4468:268.
- An editorial discussing the recently announced increase in the quota from 2% to 3% of disabled persons to be employed by industry in Great Britain, explaining problems involved.

681. Elkins, E.C. Physical rehabilitation of severely handicapped persons. Southern Med. J. Mar. 1946. 39:3:214-20.
Discusses principles and procedures in muscle exercise and training.
682. Fitzgibbons, L.E. Disability benefits for discharged soldiers--law, regulation and procedure. Iowa Law Review. Nov. 1945. 31:1:1-36.
A discussion of the various disability benefits available as well as of the laws and regulations establishing such benefits and the procedural mechanisms through which the soldiers' rights are pursued.
683. Forgotten children. Survey Midmonthly. Aug. 1946. 32:8:211-12.
Summarizes recent developments in the U.S. of organized services for the cerebral palsied.
684. Gerry, R.G.; Koch, F.C. X-ray darkroom training as an adjunct to the rehabilitation of the blind. U.S. Naval Medical Bul. Sept. 1946. 46:9:1382-7.
Describes the program of training newly blinded patients at U.S. Naval Hospital, Philadelphia, Pa., to become darkroom technicians.
685. Harrow, W.M. Psychological reactions in war blinded. Brit. Med. J. Jy 27, 1946. 4464:129-30.
686. Holand, H. Rehabilitation at Lake Tomahawk State Camp: a history. Nat. T.B. Assn., 1946. 46p. \$1.00
Story of a Wisconsin-sponsored colony-type project for rehabilitation of TB convalescents.
687. Holt, W. Training amputees in Britain. Occupational Therapy and Rehabilitation. Je 1946. 25:3:76-8.
688. Hyden, P.H. Compensation of employees who have received a prior injury. Kentucky State Bar J. Sept. 1945. 9:4:150-2.
Urges amendment of Kentucky statutes providing a second-injury fund.
689. Illinois State Normal University, Normal, Ill. Annotated bibliography on special education, prepared by the members of the class in "Occupational Information and Guidance," Intersession 1946. 18p. Mimeo.
Covers the following subjects: blind, cardiac, deaf and hard of hearing, mentally gifted, mentally retarded, orthopedically handicapped, socially maladjusted, and speech defective.
690. Ingalls, G.S. Some psychiatric observations on patients with hearing defects. Occupational Therapy and Rehabilitation. Je 1946. 25:3:62-6.
691. Keith, G.M. Disability assistance. Public Welfare. Jy 1946. 4:7:151-4.
Discusses the background and policies being formed in the administration of the unique public assistance law of Wisconsin of 1945 that assists the totally and permanently disabled on a noncontributory basis.

692. Kessler, H.H. A national program for the amputees. J. of Rehabilitation. Aug. 1946. 12:3:4-12.

Paper presented at the annual convention of the Nat. Rehab. Assn., Chicago, May 14, 1946.

693. Kovacs, R. Progress in physical medicine during the past twenty-five years. Archives of Physical Medicine. Aug. 1946. 27:8:473-7.

Read before the N.Y. Society of Physical Medicine, Mar. 16, 1946.

694. Lefkoe, H. Rapid rehabilitation following hand injuries. Archives of Physical Medicine. Aug. 1946. 27:8:499-508.

Author has "aptly discussed the pertinent principles in the adequate treatment of these injuries which the medical profession should consider if we are to decrease the high percentage of disability resulting from hand injuries." Bibliography.

695. Lewis, C. Recreation for the handicapped. Recreation. Aug. 1946. 11:5:243-4,287.

696. Linck, L.J. Coordinating our services in vocational rehabilitation; problems and procedures of case finding. J. of Rehabilitation. Aug. 1946. 12:3:15-18,33.

Presented at the annual convention of the National Rehabilitation Assn., Chicago, May 15, 1946.

697. Lippman, R.W. Medical implications of convalescence. Archives of Physical Medicine. Aug. 1946. 27:8:477-85.

Discussed are physician's responsibility, social adjustment of amputee, prevention of disuse atrophy, effects of rest, intellectual opportunities.

698. National Assn. to Control Epilepsy, Inc. Challenge and action; progress report 1944-1946. The Association, 22 E. 67th St., New York 21, N. Y. 13p.

First annual report, covering the Association's history and activities since its formation in 1944.

699. Morkovin, B.V., and others. Aural re-education; psychological and therapeutic aspects. Hearing Survey Quarterly. 1946. 43p.

700. Olsen, C.W.; Dale, L.C. Electro-shock therapy with 200 milliamperes for ten seconds. Archives of Physical Medicine. Aug. 1946. 27:8:488-90.

701. Osterag, H.C. New York overhauls its public welfare system. State Government. Aug. 1946. 19:8:194-6,210.

702. Panel discussion on hearing clinics, reported by B.S. Brody. J. of Rehabilitation. Aug. 1946. 12:3:19-25.

A transcription of the panel discussion at the annual convention of the National Rehabilitation Assn., Chicago, May 1946.

703. Personnel standards for vocational rehabilitation. J. of Rehabilitation.
Aug. 1946. 12:3:32-3.

Report of the Comm. for the Study of Duties and Qualifications of Personnel, Nat. Rehab. Assn., given at the convention in Chicago, May 13, 1946.

704. Pohl, J.F. Effect of prostigmin in cerebral palsy. Minnesota Medicine.
My 1946. 29:5:419-22.

Reports clinical study in which the drug failed to show any demonstrable value in the treatment of cerebral palsy.

705. Posture fundamentals. Joint Orthopedic Nursing Advisory Service, 1790 Broadway, New York 19, N.Y. 43 plates. 1946.

Consists of 43 separate pictures intended for use as visual aids to instructors and supervisors in interpreting body mechanics to students and nurses on various nursing activities and posture for various types of patients.

706. Schulz, L.R. A study of the educational facilities in California for children with cerebral palsy. J. of Experimental Education. Je 1946
14:4:267-296.

Part of a doctoral dissertation at University of California. Besides data on the California schools that accept children with cerebral palsy, this monograph contains statistics, descriptions of institutions and programs in other states, and an analysis of problems involved, such as physical deviations, locomotion, speech, self-help, evaluation of mental status and social behavior.

707. Shor, F.L. Seattle's "first citizen"; the story of the Children's Orthopedic Hospital. Survey Graphic. Sept. 1946. 35:9:319-21,334.

708. Southworth, W.H.; Mahoney, F.I. An evaluation study of health education films to be used regularly in instruction from the primary through the adult levels. Bul. of the Univ. of Wisconsin. April 1946. 27p.

Lists and evaluates approximately 150 silent and sound motion pictures on health and safety education available on loan.

709. Stabler, E.K. It's just what the doctor ordered. Red Cross Courier.
Aug. 1946. 26:2:6-7,19.

Describes the Red Cross convalescent swimming program in Army, Navy and veteran's hospitals.

710. Stevens, K.H. Finger painting for little deaf children. Volta Rev.
Aug. 1946. 48:8:445-7,484-6.

711. Thompson, S. "Special matinee for children." Am. J. of Nursing. Sept. 1946.
46:9:588-9.

Moving pictures in a children's hospital.

712. Thurber, E. Rehabilitation of World War I veterans in district no. 12 (California, Arizona and Nevada.) Pacific Historical Rev. Mar. 1946 15:1:68-76.

713. Tuberculosis control issue no. 6. Pub. Health Rpts. Aug. 2, 1946 61:31:1131-60.

Issue contains following articles: "Epidemiological aspects of sensitivity to histoplasmin and tuberculin," by M.L. Furcolow, and others; "Tuberculosis throughout the world," by S.E. Yelton; "Prevalence of disease in U.S."

714. U.S. Congress. House of Representatives. Comm. on Labor. Subcomm. on Aid to Physically Handicapped. Aid to physically handicapped: hearings pursuant to H. Res. 45, a resolution authorizing the Committee on Labor to conduct an investigation of the extent and character of aid now given by the federal, state and local governments and private agencies to the physically handicapped and for other purposes. Washington, D.C., U.S. Supt. of Doc., 1945-46.

Library has received the following parts (for previous listing, see Bul. on Current Literature, Feb. 1945, item 152):

- 714a. Part 9. Monopolies and advertising affecting welfare of physically handicapped. p.1139-1224. 15¢
- 714b. Part 10. Philadelphia, Pa. p.1225-1310. 15¢
- 714c. Part 11. Epilepsy. p.1311-1373. 15¢
- 714d. Part 12. Accident prevention. p.1375-1438. 15¢
- 714e. Part 13. Cancer. p.1439-1483. 15¢
- 714f. Part 14. Tuberculosis. p.1485-1569. 15¢
- 714g. Part 15. Amputees. p.1571-1803. 15¢
- 714h. Part 17. Aid rendered by Library of Congress. p.1849-1886. 10¢
- 714j. Part 18. Narcotics. p.1887-1901. 10¢
- 714k. Part 19. Employment of the physically handicapped. p.1903-2051. 25¢
- 714m. Part 20. Spastics. p.2053-2068. 5¢
- 714n. Part 21. Correlation of federal agencies. p.2069-2208.

715. U.S. Veterans Administration. Medical Rehabilitation Div. What's my score; handbook for patients with disabilities resulting from spinal cord injuries. V.A. Pam. 10-10. Washington, D.C., U.S. Supt. of Doc., 1946. 36p.

Instructs the paraplegic how to become able to perform unaided the 72 daily activities in order to be independent.

716. Ward, M.M. The physically disabled can help themselves. Trained Nurse and Hospital Rev. Aug. 1946. 117:2:116-20.

Gives directions how the severely disabled can perform certain daily personal tasks himself.

717. Warner, N., and others. Responses of patients in a Naval hospital to occupational outlets. Occupational Therapy and Rehabilitation. Je 1946 25:3:67-72.

New Books in the Loan Library

718. Dicks, R.L. Thy health shall spring forth; readings in religion and health. N.Y., Macmillan, 1945. 61p.
719. Dunton, W.R., Jr. Prescribing occupational therapy. 2d ed. Springfield, Ill. Charles C. Thomas, 1945. 151p.
720. Foote, D. Modified activities in physical education; a handbook of games, procedures, classification and organization for pupils in junior and senior high school who cannot participate in the regular physical education activities. N.Y., Inor Pub. Co., 1945. 101p. \$2.00
